Bill No. HB 30

March 8, 2013

RE: Montana Senate Hearing on HB 30

Testimony of: JUDITH HEILMAN, Bozeman, MT

- My ancestors DIED for the right to vote so I am here, advocating for others who will be shut out because of this needless restriction that is being considered here today.
- The Montana Secretary of State says there is no problem with same day registration.
- My county, Gallatin, has no problem with same day registration.
- There is virtually no voter fraud in Montana.
- This impacts youth, disabled, and the disenfranchised.
- I've spoken to a number of folks who have registered and voted on the same day because they just couldn't get register beforehand for many different reasons.
- The 2008 presidential election in Gallatin Co was decided by provisional ballots from same day reg. But, I guess this is what you [★]DON'T want to happen again in 2014 and 2016, is it?

Thank you,

Judith Heilman
